EDIH DIG-4K: Shaping Kosovo's Digital Transformation

EDIH DIG-4K supports micro, small and medium-sized enterprises (MSMEs) and public sector organisations (PSOs) in Kosovo to digitalise operations, improve performance, and unlock new growth opportunities through tailored support and expert guidance.

Co-funded by the
Kosovo Government

Co-funded by
the European Union

WHAT IS EDIH DIG-4K?

Led by the Innovation and Training Park (ITP) Prizren and co-funded by the European Union and the Government of Kosovo, EDIH DIG-4K is the first European Digital Innovation Hub in Kosovo, recognised under the EU Digital Europe Programme.

As a one-stop shop, EDIH DIG-4K enables organisations to access expertise, test digital solutions, build skills, and connect with innovation partners across Europe.

Through structured work packages and targeted activities, EDIH DIG-4K fosters the adoption of advanced digital technologies—particularly in e-commerce, fintech, healthcare, education, and agriculture—while also supporting entrepreneurship and innovation-driven services.
